

Doctoral Dissertations by Swedish Audiologists (in chronological order)

1. **Hansson, Henrik.** 1993. *Monauralt döva: audiologiska, socialpsykologiska och existentiella aspekter.* Doktorsavhandling, Pedagogiska institutionen, Stockholms universitet.

2. **Karlsson Espmark, Ann-Kristin.** 2002. *Hearing problems in the elderly: Outsider and insider perspectives of presbycusis.* Doctoral dissertation, Dept. of Geriatric Medicine and Audiology, Institute of Occupational Therapy and Physiotherapy, Göteborg University, and section of Technical and Clinical Audiology, Karolinska Institute.

3. **Kähäri, Kim.** 2002. *The influence of music on hearing: A study in classical and rock/jazz musicians.* Doctoral dissertation, Dept. of Otolaryngology, Göteborg University.

4. **Sadeghi, Mehdi (André).** 2005. *Usher syndrome: Prevalence and phenotype-genotype correlations.* Doctoral dissertation, Dept. of Audiology, Göteborg University.

5. **Skjönsberg, Åsa.** 2006. *Hereditary susceptibility to inner ear stress agents studied in heterozygotes of the German waltzing guinea pig.* Doctoral dissertation, Dept. of Clinical Neuroscience and Center for Hearing and Communication Research, Karolinska Institute.

6. **Öberg, Marie.** 2008. *Approaches to audiological rehabilitation with hearing aids: Studies on prefitting strategies and assessment of outcomes.* Doctoral dissertation. Dept. of Clinical and Experimental Medicine, Division of Technical Audiology, Linköping University.

7. **Brännström, Jonas.** 2009. *Pitch, loudness and frequency selectivity in low-frequency hearing loss.* Doctoral dissertation, Dept. of Clinical Science, Section of ENT-diseases. Lund University.

8. **Ibertsson, Tina.** 2009. *Cognition and communication in children/adolescents with cochlear implant.* Doctoral dissertation, Dept. of Clinical Science, Section of Logopedics, Phoniatics and Audiology. Lund University.

9. **Nosrati-Zarenoe, Ramesh**. 2011. Idiopathic sudden sensorineural hearing loss: Corticosteroid treatment, the diagnostic protocol and outcome. Doctoral dissertation. Dept. of Clinical and Experimental Medicine, Division of Oto-Rhino-Laryngology, Linköping University.
10. **Einarsson, Einar Jón**. 2013. Late effects on hearing and balance after treatment for childhood cancer. Doctoral dissertation, Dept. of Clinical Science, Section of ENT-diseases. Lund University.
11. **Manchaiah, Vinaya K. C.** 2013. Evaluating the process of change: Studies on patient journey, hearing disability acceptance and stages-of-change. Doctoral dissertation, Dept. of Behavioural Sciences and Learning, Linköping University. 2018-03-09
12. **Ng, Elaine H.N.** 2013. Cognition in hearing aid users: Memory for everyday speech. Doctoral dissertation, Dept. of Behavioural Sciences and Learning, Linköping University
13. **Sundewall Thorén, Elisabet**. 2014. Internet interventions for hearing loss: Examining rehabilitation, self-report measures and internet use for hearing-aid users. Doctoral dissertation. Dept. of Clinical and Experimental Medicine, Division of Technical Audiology, Linköping University.
14. **Hua, Håkan**. 2014. Employees with aided hearing impairment: an interdisciplinary perspective. Doctoral dissertation, Dept. of Behavioural Sciences and Learning, Linköping University. 2019-09-27
15. **Granberg, Sarah**. 2015. Functioning and disability in adults with hearing loss. The preparatory studies in the ICF Core sets for hearing loss project. Doctoral dissertation. Institutionen för hälsovetenskap och medicin, Örebro universitet.
16. **Zarenoe, Reza**. 2016. Tinnitus in patients with sensorineural hearing loss - Management, Quality of Life and Treatment strategies. Doctoral dissertation, Department of Clinical and Experimental Medicine, Division of Oto-Rhino-Laryngology. Linköping University.
17. **Malmberg, Milijana**. 2017. *Aural rehabilitation programs for hearing aid users: Evaluating and clinically applying educational programs, supported via telephone and/or the internet and*

professionally guided by an audiologist. Doctoral dissertation. Institute of Neuroscience and Physiology. Department of Audiology, Logopedics, Occupational Therapy & Physiotherapy, University of Gothenburg.

18. **Bogo, Renata.** 2017. *Longitudinal study of the impact on hearing from aging, genetic background and environmental exposures in male twins.* Doctoral dissertation. Dept. of Clinical Science, Intervention and Technology, Karolinska Institute.

19. **Skagerstrand, Åsa.** 2018. *Perception of disturbing sounds: Investigations of people with hearing loss and normal hearing.* Doctoral dissertation. Institutionen för hälsovetenskaper, Örebro Universitet.

20. **Fredriksson, Sofie.** 2018. *Hearing-related symptoms among women. Occurrence and risk in relation to occupational noise and stressful working conditions.* Doctoral dissertation. Institute of Medicine. Department of Public Health and Community Medicine, University of Gothenburg

21. **Ingo, Elisabeth.** 2019. *Climbing up the hearing rehabilitation ladder.* Institutet för handikappvetenskap och Linnécentrum HEAD, Linköping universitet.

22. **Löwgren, Karolina.** 2020. *Cerebellar function during development. Eyeblink conditioning, prism adaptation and interval production in children and adults.* Lunds universitet.

23. **Sebastian Waechter,** 29 oktober 2020. *"The sounds we are not measuring. How tinnitus and hearing thresholds above 8 kHz relate to cognitive performances"*. Lunds universitet.

24. **Erik Witte,** 19 februari 2021. *"The development of the Situated Phoneme (SiP) test: A Swedish test of phonemic discrimination in noise for adult people with hearing loss"*. Örebro universitet.

25. **Maria Hoff,** 26 februari 2021. *"Hearing in early old age: current perspectives"*. Göteborg universitet.

26. **Satu Tururen-TaHERi**, 11 november 2021. *“Adult patients with severe-to-profound hearing impairment. A clinical, register-based, and interview study”*. Karolinska Institutet

27. **Elin Karlsson**, 20 may 2022. *“Assessment of everyday functioning for adults with hearing loss - The development of Hearing and Functioning in Everyday life Questionnaire (HFEQ)”*. Institutionen för hälsovetenskaper, Örebro

28. **Allison Mackey**, 14 oktober 2022. *“Perspectives on screening strategies for early detection of childhood hearing impairment”*. Karolinska Institutet

29. **Niklas Edwall**, 24 mars 2023. *“Objective diagnostics of tinnitus”* Karolinska Institutet
